About Us

The Hearing Speech & Deaf Center of Greater Cincinnati (HSDC) strengthens our community and the quality of life for those with communication disorders through our critical services – audiology, speech & occupational therapy and community services for the Deaf.

HSDC focuses on providing the care and advocacy individuals need to communicate effectively with those around them. Our expert staff of clinicians, American Sign Language interpreters and Deaf advocates impact an average of 6,000 individuals per year and last year alone, we provided more than \$450,000 in charitable services.

Our mission is to strengthen our community through advocacy and by supporting individuals and families to overcome obstacles to communication.

The Shank Family

“Ever since two of our children, Emma and Nick, were young, hearing challenges have been at the forefront of our everyday lives. We understand how valuable and life-changing the services provided by the Hearing Speech & Deaf Center are, which is what led us to begin volunteering for the organization nearly a decade ago. Our family has been immensely blessed by our relationship with HSDC.”

– Robert Shank, Parent & Honoree
